Salisbury Primary School – Autumn 2 2026 Newsletter

Dear Parents/Carers,

I would like to begin by saying a huge thanks to everyone for supporting our Parent Consultation Day. The feedback provided has been really positive. We believe the day worked well, allowing you to have quality time with your child's teacher. Your comments emphasised how useful and informative the meetings were and the time element allowed you to have more in-depth discussions with your child's teacher about their learning and progress.

Elections for school council were held earlier this term. Representatives were elected from each class, (Year 2 to Year 6) and the children have already had meetings this term. Having made a number of suggestions for consideration, we have followed up on School Council's food choices for our 'Breakfast for All' offer, additional games/activities at lunchtimes and formed a rota for litter picking. The School Council members have made a great start at demonstrating they will take an active role and voice their opinions and views. We value greatly their thoughts on matters and look forward to see how things develop.

The next few weeks are quite busy as we lead up to the festive period so please do check the events/activities section. Whilst we continue to deliver all aspects of the curriculum and ensure children's learning continues at the same pace, we have incorporated a number of special activities for the children to enjoy and enhance their learning.

We have had some parent workshops take place and we hope they were useful. Others are planned through the year so you will be notified of these in the not too distant future. We are also happy to discuss any other ways in which we can support.

Year 6 children will soon begin preparing for SATs and we are sure that the extra focus will support everyone. We will be sharing additional information about SATs with parents at a workshop planned this half term.

Please enjoy the remainder of this busy term and of course, continue to join us for the wonderful events, activities and opportunities, to see your children at work, in school.

Mrs N. Matharu
