This terms enrichment ends on Tuesday 8th July 2025.

Salisbury Primary School—Summer 2 Newsletter

Dear Parents/Carers,

We are fast approaching the end of this academic year but still have a lot to do! The children will of course be taking part in lots of activities/events that take place at this time of the year, so please make a note of what is on offer.

This year, we have tried to provide a wide range of opportunities for the children to develop their wider learning, ranging from visits to interesting places, visitors coming into school and children being able to showcase an excellent selection of work produced during 'Science Week' for parents to come and see.

We always try our best to ensure each term, the children experience exciting, motivating and new experiences in relation to the topics they undertake which really helps to engage them in their learning.

Just a reminder, our Year 4 children will be taking part in the multiplication tests over the next few weeks and Year 1 and 2 children will be undertaking their phonics screening assessments. Children and staff have been working hard to make sure they achieve the results they deserve, and we wish them the best of luck!

Thank you all for your support this year and we hope you can come along and join us for some of the planned events, before we break up for the summer.

Mrs N. Matharu

Executive Headteacher.

Start of 2025-2026 academic year is
Wednesday 3rd September 2025.
